

MANCHESTER
CITY COUNCIL

CITY SOLICITOR

£148,583 - £170,353

Manchester is a city that leads with confidence, creativity and purpose. Globally recognised for its culture, diversity and economic success, it is also a place that has consistently reshaped the landscape of local government. From pioneering public service reform to driving one of the UK's most ambitious growth agendas, Manchester has built a reputation for influencing change well beyond its boundaries.

We are seeking an exceptional City Solicitor and Monitoring Officer to join our Corporate Management Team at a defining moment for the city and the wider city-region. This is an opportunity to play a central role in one of the most influential local government organisations in the country, helping to shape major decisions that affect communities, public services and economic growth for generations to come.

This role is about far more than governance and legal advice. It is about providing trusted leadership at the highest level, enabling ambition while safeguarding integrity, and helping Manchester navigate an increasingly complex environment with confidence and clarity. Working alongside elected members, senior leaders and partners across Greater Manchester and beyond, you will contribute directly to the city's continued success and influence.

We are looking for an inspiring leader with outstanding judgement, credibility and strategic vision. Comfortable operating at the interface between officers and elected members, you will bring the influence, engagement skills and political nous required for a role of exceptional scale and profile, while sharing our passion for Manchester and our ambition to make a lasting difference for the people we serve.
